SOBRE MIM

Front-End Developer focused on building responsive, intuitive web applications with React, TypeScript and JavaScript. Trained in front-end development at EBAC in Brazil and currently studying at 42 Porto, combining practical web development skills with a growing foundation in C and software engineering. Brings an analytical approach to problem-solving, attention to interface detail and a focus on clean, maintainable code.

EXPERIÊNCIA PROFISSIONAL

DARTY

Cidade: Porto | **País:** Portugal

[10/06/2025 – Atual] **Warehouse & Store Assistant**

Perform end-to-end warehouse and stockroom operations for household appliances and consumer electronics. Handle receiving, inspecting, and unloading incoming merchandise while verifying delivery accuracy against documentation. Execute picking, packing, and dispatch processes for outgoing shipments, customer orders, and home deliveries. Maintain stock organization and floor replenishment to ensure efficient layout and immediate item availability. Conduct inventory counts, stock tracking, and discrepancy reporting to maintain accurate system records. Provide direct customer service at the store pick-up counter, assisting clients with order retrievals, product handovers, and after-sales inquiries.

Brothers Motos

Cidade: Porto | **País:** Portugal

[10/01/2024 – 21/03/2025] **Manager**

Managed daily shop operations, overseeing maintenance workflows, technical diagnostics, and quality control to ensure high safety standards and customer satisfaction. Handled client relations, including consultation, transparent cost estimation, conflict resolution, and post-service follow-ups. Coordinated inventory management, supplier negotiations, procurement of spare parts, and logistics to optimize shop performance and profitability. Led a team of mechanics, organizing schedules, distributing workloads, and fostering an efficient, safety-conscious work environment. Managed administrative processes, financial tracking, invoicing, and local business compliance.

EDUCAÇÃO E FORMAÇÃO

12º

Escola Maria Lúcia Álves

Cidade: Santa Cruz do Capibaribe | **País:** Brasil

[13/10/2023 – 18/09/2025] **Front-end Developer**

Escola Britânica de Artes Criativas e Tecnologias

Cidade: Online | **País:** Brasil | **Nível no QEQ:** Nível 4 QRQ

Front-End Developer educated at EBAC, with a solid foundation in building dynamic, responsive web interfaces focused on user experience. Proficient in HTML5, CSS3, JavaScript (ES6+), React, and Next.js, as well as advanced styling techniques using SASS, BootStrap CSS, and Styled Components. Practical experience in creating mobile-first applications, consuming REST APIs, managing complex application state, and controlling code versioning with Git and GitHub. Skilled in writing clean code, implementing software testing, and deploying web projects.

[13/07/2026 – Atual] **Software Engineering**

42 Porto

Cidade: Porto | **País:** Portugal | **Nível no QEQ:** Nível 6 QRQ

Software Engineering Student at 42 Porto, undergoing an intensive project-based curriculum focused on computer science fundamentals, low-level programming, and problem-solving through peer-to-peer learning. Experienced in C and C++ development, object-oriented programming, data structures, algorithm optimization, dynamic memory management, and Python development for scripting, backend, and automation. Knowledgeable in Unix system administration, POSIX threads, multithreading synchronization, inter-process communication, shell scripting, and containerization with Docker. Strong capability to navigate new technical challenges autonomously, write clean and efficient code, and collaborate effectively in team environments through peer code reviews and project defenses.

COMPETÊNCIAS LINGUÍSTICAS

Língua(s) materna(s): português
