PROFESSIONAL OBJECTIVE

FRONT END DEVELOPER

SUMMARY OF QUALIFICATIONS

Front-end developer certified by EBAC – British School of Creative Arts and Technology. Proactive, analytical, and detail-oriented professional with practical experience in web development, libraries, frameworks, and responsive design.

Developed projects using HTML, CSS, JavaScript, and React, applying best practices in development and accessibility. Strong teamwork skills, adaptability to new technologies, and a focus on delivering modern, functional interfaces that bring value to users.

I developed several digital projects that showcase my creativity and programming skills. Among them are: an e-commerce website for food delivery, an online pet shop, a practical and functional contact list, and a model for an online game store. Each project was designed to offer a modern design, good usability, and a strong focus on user experience.

- **Skills in:** Web, SEO, HTML/HTML5, CSS/CSS3, JavaScript (ES6+), website development, React.js, TypeScript, JQuery, Node.js, Next.js, Vue.js, Redux.js, Bootstrap, XML, JSON, Version Control, REST APIs, Interfaces, Teamwork, Interface Development, and Responsiveness.
- **Knowledge of:** SQL, AngularJS, Databases, and Back-end development.
- **Basic knowledge of:** Python, C, C++, C#, and PHP.

EDUCATION

- **Professional Front-End Developer Program** – EBAC (British School of Creative Arts & Technology) – *2023–2025*
- **High School Diploma** – Escola Estadual Professora Maria Lúcia Alves – *2014–2017*
